## WE VALUE OUR PEOPLE

Historically, parking has been a low-wage industry, with significant barriers to benefits like affordable healthcare. We've set out to change that.

As full-fledged members of our team, our parking attendants are compensated above the industry average, and receive Brandywine's comprehensive benefits package—a significantly more cost-effective offering compared to most plans provided in the parking industry.

By ensuring our employees are well positioned with competitive pay and benefits, we empower them to live out our core values of quality, integrity, innovation, and community across every aspect of our operations and services. The result is more engaged employees, which ultimately, lowers turnover rates and personnel operating costs.

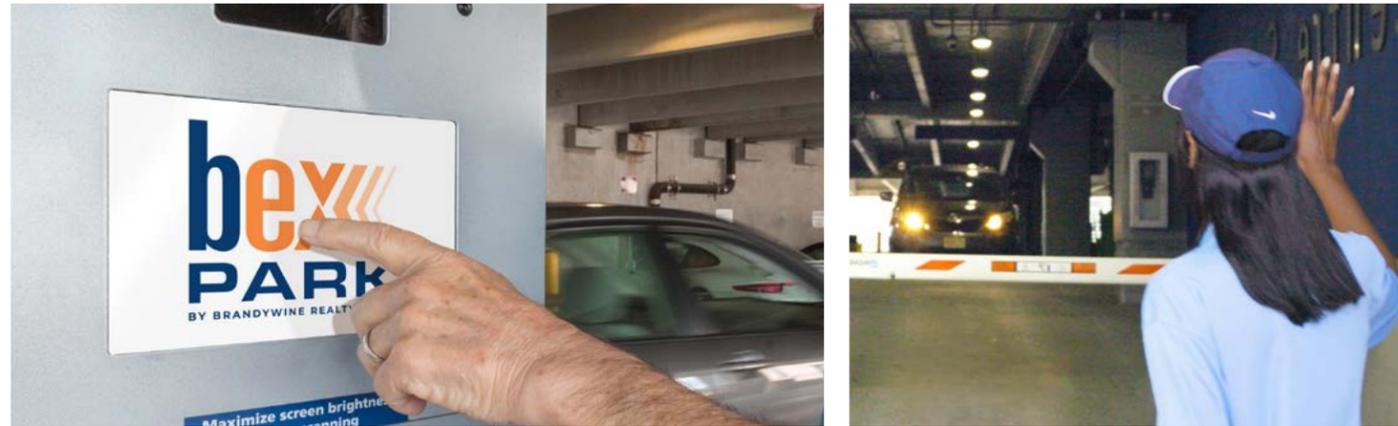

Serving as our frontline brand ambassadors, our BexPark team members deliver on our promise of unmatched customer satisfaction to build relationships, secure repeat customers, and generate increased revenues.
